

Dane County Regional Housing Strategy Methodology and Strategy Components

I. Basic Approach / Methodology

Part Housing Summit – Research/analysis, education, facilitated discussion, relationship building, and networking

Part Strategic Planning – Assess existing conditions, ID gaps, opportunities, vision or the future of housing, ID strategies to move forward, work on together

II. Strategy Components

Outreach/engagement

Thinking like a region framework – who are we? From a regional perspective – people, places, assets, resources, connection, major trends/issues

Housing study, housing needs analysis assessment (housing supply and instability gap); market study, market demand, assess existing inventory

Geographic review (acknowledge each community is different) acknowledge current plans, programs, and tools

Review best practices, alternative housing types, and current innovation

Develop vision for the future of housing

What's missing, how to build on, possible collaboration, partnerships, and alignment?

RHS strategies to work towards, and work on together
